

Powered PIR Sensor Light Bulb Automatically Turn On E27 PIR Bulb

Our Product Introduction

for more products please visit us on led-lightsbulb.com

Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: NCJ TECH
- Certification: CE
- Model Number: NSL-AL02
- Minimum Order Quantity: 100 pcs
- Price: Negotiation
- Packaging Details: White box + Outer box (K=A)
- Delivery Time: 1: Sample and small order: Within 7 working days after receiving your payment. 2: Bulk order: 3-4 weeks after receiving your deposit.
- Payment Terms: T/T, Paypal
- Supply Ability: 10000pcs per month

Product Specification

- Material: Aluminum+PC Housing
- Color Temperature: 3000k-6500k
- Luminous Lux: 90lm/w
- Beam Angle: 120°
- Voltage: AC85-265V
- Light Base: E27 B22
- Wattage: 5W/7W/9W
- Highlight: **Powered PIR Sensor Light Bulb, PIR Sensor Light Bulb Automatically, E27 PIR Bulb**

Product Description

120° Beam Angle Infrared Detecting Lights with Aluminum PC Housing

Product Description:

The Passive Infrared Sensor Lights is a revolutionary lighting product that provides a great solution to your lighting needs. It is designed with a passive infrared detection system that can detect any motion in its range and automatically turn on the lights. The lights are powered by an AC85-265V voltage, and have a color temperature ranging from 3000K to 6500K and a beam angle of 120°. The infrared detecting lights also provide a luminous lux of 90ml/w, making them a great choice for any lighting situation. The lights come with a E27/B22 light base, making them easy to install and use. The Passive Infrared Sensor Lights are a great lighting option for any home or business, offering convenience and safety while providing great lighting.

Technical Parameters:

Parameter	Value
Product Name	PIR Sensor Lights
Wattage	5W/7W/9W
Material	Aluminum+PC Housing
Color Temperature	3000k-6500k
Luminous Lux	90ml/w
Beam Angle	120°
Voltage	AC85-265V
Light Base	E27 B22
Detection Range	10m/15m/20m
Delay Time	60s±10%

Support and Services:

PIR Sensor Lights technical support and service provides customers with information and assistance on our products. Our team of experienced professionals is available to answer any questions and provide troubleshooting advice. We also offer installation support and maintenance services to ensure that your PIR Sensor Lights are performing optimally. If you need help with any aspect of our products, please contact us and we will be happy to assist you.

Packing and Shipping:

The PIR Sensor Lights will be securely packaged to ensure safe delivery. The package will include the main product, as well as any necessary accessories and instructions. The package will be shipped via a reliable, secure shipping service.
